

# Years 1 & 2

---

## Phase Newsletter

---

October 2014

Welcome to our first phase newsletter of the year! It has been a busy start to the year and all the children have settled in well. A particular highlight has been learning all about Bob's adventures in our literacy and numeracy lessons! The year one and two team have enjoyed all the brilliant pieces of homework that everyone has produced. Here are some of the things that the children have enjoyed this term):

This term I have really enjoyed making boats and finding out what things floated. I loved Golden Time!

-Buddy, Giraffes

I like doing maths because we do all sorts of different things. I really enjoyed Bob's challenge to measure with cubes. I also enjoyed going to the church for Harvest.

-Paige, Bears

I have enjoyed maths because I like solving word problems. I have enjoyed DT as I liked making a boat float!

-Bella, Pandas

I liked learning about Bob. I have learnt time words which I really enjoyed. In DT we made a boat using different materials. I really enjoyed it and learnt that plastic floated the best out of the junk materials

we used. I have learnt to be 'systematic' in maths as well as addition and subtraction.

-Serene, Zebras

I have really enjoyed finding out about Rama and Sita in RE. We have been doing Hinduism.

-Max, Giraffes

I love Golden Time because I can do all of my own things and play with my friends. I also enjoyed singing the 'Cherry Tree' song at Harvest.

-Isabel, Bears

I have learnt my right and left hands. I liked maths because I really like doing times tables and division. I liked reading the books in guided reading - especially the fiction books. I enjoyed learning about Neil Armstrong in history. In science we tested which materials would be suitable to make a windscreen (the most see through).

-Ted, Zebras

I like maths because we add numbers. I liked literacy because we were writing about Bob (man on the moon).

-Jack, Pandas

I had lots of fun using the BeeBots and my writing has got much better this term.

-Ayden, Giraffes

I like playtime because I like finding my cousin. I also loved making and showing my own rocket which was blue, white and brown.

-James, Bears

I have enjoyed learning about Neil Armstrong and Christopher Columbus. I liked learning about Bob. I have also enjoyed learning about partitioning and division.

-Callum, Zebras

I have enjoyed writing in topic the most - it is always fun!

-Amelia, Giraffes

I like history because I liked learning about Neil Armstrong and how he felt about landing on the moon.

-Connie, Pandas

Thank you for all your support this term, enjoy the break and we look forward to another busy term leading up to Christmas.

The Year One and Two Team. ☺
