

Year 3 and 4 Phase Newsletter February 2014

Welcome all readers to the Term 3 newsletter! This letter is going to tell you about what we have done this term. I hope you enjoy what you are about to read!

FULL STEAM AHEAD...Year 3 and 4 have loved this topic on steam trains. Look at the amazing models created for homework! The staff and children have been so impressed.

Children enjoyed created pictures on Trains using a variety of media.

Panther's Homework

Crocodile's Homework

HISTORY

In History we have been learning about the Navvies and what they do and how they work. I have enjoyed finding things out about the Navvies and how they built the train tracks and that they needed to work. History is very interesting and I think it is the best!

By Rebecca B

A new school!

We are very excited to welcome a new child to Year 4, he said this:

This Term I joined my new school and I settled in really, really quickly and also I made lots of lots of friends in just two days!

By Oscar J

Well done everyone for making Oscar feel so welcome.

Cultural Day

In January 2015, we also celebrated Martin Luther King day and another called cultural diversity day. Each class had a country to learn about and we got Spain!

Here are 3 facts:

- *Spain is very hot*
- *Spain has a very good football team.*
- *Spain has a dance called Flamenco*

By Zana A

On Cultural Diversity day we wore the colours of the flag. We heard a Bangladesh Story. In the afternoon we played cricket because it is their national sport. Atiya in our class brought some food in and it wasn't like food in England. We also did a fact file. We looked at netbooks to find out interesting facts. We found out that their national animal is a tiger and the flag is green with a big red circle in the middle.

Young Voices

This year my favourite thing so far was going to young voices at the O2 arena in London. It happened on 29th January. All of the hard work was worth it.

When we arrived at the O2 we were so hungry for lunch. Then when we finally had lunch, it was so tasty when we finished we played tag. Later we went into the arena and started to practise the songs, moves and dance. After practise, we had dinner. It was delicious. Later we went back into the arena and started the concert. We stayed up until just after 12 o'clock at night. It was so fun!

Secret Seven

The Secret Seven adventures was fun because I had never read them before and it was exciting. I liked it

because there were lots of mysteries to solve and questions to answer.

By Poppy P

Science

This term I have learnt that sound goes through the ear to your ear canal, to your ear drum. Then the cochlea and your cochlea send messages to your brain and your brain figures it out!

By Thomas C

I've learnt that different sounds are measured in dB which is short for decibels.

By Matthew H

Maths

This term I have learnt about fractions. At the beginning I was terrible but when we did more and more I got better and better. I kept improving then I started to know more!

By Samiul H

DT

We have been planning on making a monster that has a moving part and making up instructions and the moving part has to move by air.

By Anna K

**As you can see it's been a jammed packed term yet again!
We have thoroughly enjoyed all aspects of this term and have worked extremely hard.**

**We look forward to seeing you on
TUESDAY 24th February 2015
(Which is parents evening!)**
