

# Year 4 Summer Term 5

## ENGLISH

### KEY MESSAGES

#### Home Learning:

- **'ATOM Learning'** is set every Friday and is expected to be completed by the following Friday.
- **TT Rockstars** should be used 3-4 times a week to develop rapid recall skills for the Multiplication Check in June (on all times tables up to 12).
- Both ATOM Learning and TT Rockstars logins are on the inside of the children's yellow reading records. If you have lost your log in details, please see your child's class teacher.
- **Reading** – A little each night is best. When your child has finished their book, a short comment needs to be made in their contact book and they can change their book. The yellow reading record is expected in each Friday.

#### Reminders:

- Please remember to label all of your child's belongings before they bring them to school. This helps us keep track of items and ensures they are returned promptly if misplaced.

#### Date for your diaries:

- 2nd May – Living Land trip

For both our reading and writing this term, we will be delving into the charming world of 'The Hodgeheg by Dick King-Smith'. This delightful book follows the adventures of Max, a determined hedgehog with a big dream: to safely cross the dangerous road to reach the park's bounty of food.

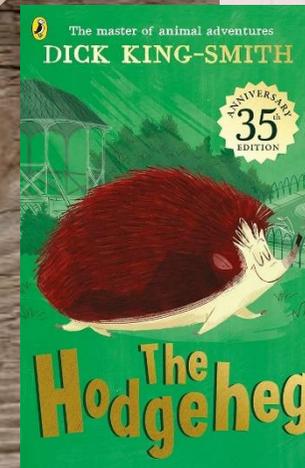

Through Max's journey, children will explore themes of courage, perseverance and problem solving. The Hodgeheg promise to captivate imaginations and spark meaningful discussions, making it an exciting addition to our English curriculum for the upcoming term.

## MATHS

In term 5, Year 4 will be focusing on decimals and money. We'll be learning about numbers with decimal points, like amounts of money. We'll also apply these skills to real-life situations, such as shopping and budgeting.

Times tables are becoming increasingly important for the children's Multiplication Times Tables Check in June this year where they need rapid recall on all times tables up to 12.

Term 5  
texts

# Year 4 Summer Term 5

## Art

Our Art topic for this term will be focused on the artist Jacob Lawrence. This will help improve our knowledge of colour palettes.

## RE

Our RE for this term will be focusing on Green Religion Day. This will look at how different religions care about the environment.

## COMPUTING

Computing will be focusing on spreadsheets. This will help us with place value and line graphs.

## PE

PE is on Wednesdays this term. The focus is Quick Cricket and Rounders .

## FRENCH

For French this term, our focus will be on food and drink.

## HISTORY

Term 5 History will be exploring Anglo-Saxon laws and how they relate to the Romans and the Ancient Greeks.

## SCIENCE

Science this term will focus on the changes of state. This will include how the role of temperature is involved in melting.

## MUSIC

For Music this term, we will be continuing to practise and learn the Ukulele.
